

Platelet Agitator

Krew Instrument's **Platelet Agitator** is a reliable and efficient solution for the safe storage of platelets. With its precise temperature control and gentle agitation, it helps to maintain the viability of platelets for transfusion. Built to the highest standards of quality and reliability, it's an ideal choice for hospitals, blood banks, and other healthcare facilities.

KEY FEATURES

- Available in 24 bags, 36 bags and 48 bags capacity.
- Movement of 70 ± 2 strokes/ minutes.
